S. B. Patil College Of Architecture & Design is managed by the Pimpri Chinchwad Education Trust (PCET). It has been providing quality education, student placement and research for the last 8 years. We at S. B. Patil College Of Architecture & Design (SBPCOAD), have been able to create Architects who can lead the world with their design innovations, personality, development skills and leadership.

S. B. Patil College of Architecture has implemented an educational management system in accordance with ISO -21001:2018 & is a Council of Architecture, New Delhi certified and approved college. We are also under the development of NAAC accreditation. Every year we welcome around 120 students and shape them into successful entrepreneurs and sensitive individuals. In the coming future the college has ambitious plans of providing a Master's Programme in Architecture which will provide yet another stepping stone for students to build their career.

We at SBPCOAD, believe in the holistic development of the students and encourage free expression of diverse perspectives essential for creating good architects and responsible citizens of the future.

The lush green sprawling campus spread along 10 acres boasts of a world class ambience that has the best infrastructure. our campus invites you to the most unique experience of quality learning in a multi-dimensional and participatory manner. Well quipped Computer labs installed with the latest software, Material lab, Environmental lab, and Acoustic lab provide the eager learner with practically all tools for adequate preparation to face the world with confidence and knowledge. Students are exposed to the best education in architecture, construction, sustainable and software skills.

We promote a disciplined academic environment essential for innovating thinking and practical approach. Students at SBPCOAD gain exposure to live projects and industry insights through interactive webinars, seminars, quiz competitions that keep pace with the latest pedagogies. During their academic period, students obtain the much needed practical experience by interning under architects in India and abroad.

Well qualified & experienced faculty from various fields like Urban Planning, Landscape Architecture, Construction Management, Sustainable Architecture, etc., guide and mold our students as they set foot into the Professional world.

***“I consider Teaching as a Respected Profession & I have taken an oath of Nurturing Future Architects of India to be Entrepreneurs and make India proud globally by their Innovative Designs in the field of Architecture & Planning”***

It gives me immense pleasure to present the COLLEGE ANNUAL MAGAZINE - NAKSHATRAM (2021 - 2022) of S.B. Patil College of Architecture & Design.

As a Principal I am happy about the advancements that have taken place in our college. Along with fulfilling our oath of nurturing student's future, we have also gained B++ NAAC accreditation with top score in SPPU Architecture Colleges. SBPCOAD is also an ISO certified institute which ensures accurate & transparent documentation. Various skill development courses are started for our students for their professional & personal development. Currently we are in process of curating a National Conference on Architecture which will bring together Academicians, Professionals & Researchers on one platform.

With excellent infrastructure the building offers state of the art learning facilities to the students such as multipurpose lecture halls, studio rooms where students can gather, discuss & work on their assignments, library, an auditorium, material museum, arts & crafts room and construction yard that goes hand in hand with the teaching principles of knowledge beyond books. Our focus is to not only impart book knowledge but also provide exposure to site study, market trends and various aspects of building industry to our students.

In order to keep up with the changing world we try to incorporate current development needs, such as Climate responsive architecture, Digital and Parametric architecture, Low carbon design, Environmental awareness and Social needs, etc. in our teaching objectives have faculty with expertise in Sustainable Architecture, Environmental Design, Construction Management, Product Design, Urban Design, Town and Country Planning, Landscape Design and Digital Architecture. The teachers are innovative, hard-working and strive towards complete personality development of the students. We all envisage our students as successful architects, entrepreneurs, good human beings and leaders working their way up to the top and leaving their mark globally.

Our aspiration to create entrepreneurs has encouraged us to sign MoU's with various institutes & industries which helps our students to gain practical insights of various trending building materials & construction techniques. With this we are developing an intellectually stimulating environment in the college by organizing various events and inviting eminent personalities to interact with the students. The students have a good vertical interaction with their co-students and participate with equal enthusiasm and energy in extracurricular activities such as sports, quiz, architectural student competitions, exhibition, National Association of students of architecture events (NASA) and cultural program. They have excelled in many fields and we are proud of them.

College is known to me quite well as I've had engagements as visiting lecturer, invited as prime guest for convocation ceremonies, juror for vivas and many college events where I got to converse with the students. The college has bright and intelligent students. Their performance is beyond expectations and worth appreciation. The zest is seen in them to keep doing the best always! This behaviour inspires the whole organisation to perform well. The credit goes to the college entirely, for their approach, thoughtfully designed syllabus and assignments, knowledgeable and motivating faculties and well equipped campus with multiple facilities. The fellow members associated with college are constantly in process of creating good students and making them eligible, responsible to stand strong in outside world. We wish all the very best to the college and the lovely students for their future endeavours.

Ar Vivek Bhole, principal of Neo Modern Architect established his practice in 1996. Since then he has received more than 60 national and international awards. His work is published in many prestigious magazines and newspapers including a 4 page coverage by Times of India in 2013 along with a felicitation in a grand prelude function organized by TOI. He has won many prestigious architectural competitions like redevelopment of BDD chawl by state government of Maharashtra, the biggest redevelopment project in the country and One Avighna Park, the tallest occupied residential building in the county.

One just doesn't learn creativity, innovation and science of making buildings in architecture colleges, they teach you how to attend and deal with your clients in future. If one can convince his professors over design in architecture college, he would be able to do the same to his clients in his practice.

I am very glad to state that SBPCOAD has raised the standard of Architectural Education in the District of Pune and are further striving hard to raise the bar to International Standard. I do appreciate the efforts taken by Principal Dr. Mahendra Sonawane and the dedicated teaching staff in the mission.

On various occasions I have interacted with the students and I have noticed their happiness in being with this institute which promotes various skills within them, required all across the Globe for brilliant Engineering and Architectural practice. It is noteworthy to state here that the management takes keen interest in providing required infra-structure and in providing various curriculum and extracurricular activities. I am confident that this institute will shortly become a role model for Architectural Education in India.

I want to congratulate the whole team of SBPCOAD, who have demonstrated outstanding care for and commitment to the students and academics under the able leadership of Principal Dr. Mahendra Sonawane. Of course, it takes a considerable effort to run educational programs; however, the collective wisdom of the faculty and resources made this institute stand out and set up a benchmark in architectural education. I look forward to seeing this institute growing. I wish God provides the faculty and staff members the strength to never shrink from a challenge but rise to the occasion with decisive action, inspiring innovation, and remarkable determination.

We are a firm having a portfolio consisting pan-India and international works and a wide spectrum of the projects like residential, commercial, office complexes, resorts, bungalows, hospital etc all including interiors.

Due to the hardwork of all the faculty members under able leadership of Dr. Mahendra Sonawane, I have noticed the graph of SBPCOAD continuously going up. I have been associated to your college time to time and I must say that the quality of education that you all have been imparting with continuous hunger for improvement - is showing wonderful results. Your efforts will create generations of architects who will serve the fraternity and the nation with spectacular works. Best wishes to you all.

We are specialized into interior designing and practicing since 1981. We work on pan India basis. Projects designed are majorly in South Mumbai like offices in Pune office for Alfa Laval / western Maharashtra development corporation/etc. Jewelry showrooms like Vishal Jewelers/ Hansaji Jitaji Saraf/ Santosh Pedhi/ Khari Pedhi/ Pednekar jewelers/ etc. residences for renowned businessman and politicians in Napien Sea Road, Cuffe parade, Peddar road, Altamount road, Juhu etc. in Mumbai, Pune, Davangere, Bangalore, Coimbatore, Solapur, Kolhapur, Ahmedabad, Ratlam, Nanded, Vijayawada, Rajasthan and Bihar, etc. Shortlisted for regional award in IIID national level. Architecture and interior designing is the only field where you are paid by the client to bring into reality the dream which they have before bringing into reality. Not but the least, we are also paid to our creations and still allowed to breath even after the real creation, unlike the Taj Mahal architect and creators.

I was happy to be the juror for the Final Year B. Arch AY-2021-22 in the recent past at PCET's S. B. Patil Collage of Architecture & Design. During the Jury, I have experienced the profoundness of the students and I must admire the faculty's way of teaching the architecture & design under the leadership of Principal Dr. Mahendra H. Sonawane and the Board of Trustees of PCET, which made the students to think out of the box and to keep the pace with the ever developing modern world.

I wish the best for S. B. Patil Collage of Architecture & Design to capture the newer and higher peaks in the field of Architectural education, having excellent infrastructure, vivid programs and facilities for the development of students to enable them to ponder successfully across the world in their future profession

Ar. Kapil Jain is the Founder Member and Managing Partner at ARCON. He designed multipurpose community centres to be built in the remote and backward villages of Uttarakhand State. These centres were designed for construction by local people and authorities, using local materials and techniques. Over the last 18 Years in practice, the firm has worked with corporate, government and private clients to design varied project typologies such as Institutional, Residential & Mix-Use Schemes, Commercial & Workplaces, Hospitality, Public Complexes, Conservation & Restoration, Infrastructure and Interior Projects. Ar. Kapil Jain has also been associated with academics as a Visiting Lecturer & Design Studio Reviews, NATA Coordinator, COA Representative, Thesis Jury Member and Training/ Internship of Students from different Colleges across the Country. Great leadership by Principal, Fantastic Infra structure, Library & labs. Excellent student motivation, Hard working faculties. Success doesn't just come and find you, you have to go out and get it. Success is the sum of small efforts repeated day-in and day-out. A teacher is one who in his youth admired teachers.

I had great experience visiting this college, the principal is so dynamic and under his leadership and visionary thoughts I have seen this institute grow. Overall staff and faculty is young they have new thoughts fresh ideas. This institute is associated with so many eminent architects as mentors from all over the country.

The kind of educational program, events they conduct are unique. They have great infrastructure and beautiful campus, in building they have so many features like material lab, library, acoustical lab, huge studio. Everything so creative when you walk into the corridor from start to the end you will see great art. SBPCOAD is one of the best colleges in Pune.

It's really a great opportunity to be on the SBPCOAD and meet all of the faculty. Superb knowledgeable stuff, I was very fascinated on looking after the infrastructure and ambience of the college. Felt like visiting a Clean and Green campus. College ambience is intriguing, the walls are very expressive. I have seen a lot of students work, they are very sincere and hard working. Dr. Mahendra Sonawane Principal, A gem of a person, he is very innovative and creative he looks at college as One Family and dedicates fully for academics. The faculties here are very enthusiastic and driven for nourishing future architects. Heartiest Congratulations for everything till date and I wish them all the best for their bright future and endeavors.

He has designed Roseate Stone Hotel, NDTV Corporate Office, Delhi Airport retail planning & design.

I think the college is making great strides in the holistic development of its students by engaging them in robust academics, activities and architectural discourse.

I see SBPCOAD carving a niche & reputation for itself because of its unique characteristic of engagement and interaction amongst students

SBPCOD has the desire to make the difference! The curriculum offers plenty of options, study exchanges, give broader education that sets it apart from its peers.

The college surely takes the effort to make a positive change to one's own life and also of those around, They Help students to encourage each other to pursue unpredicted lines of thinking to effect change on local scales too. Wishing them the very best!!

Having lived in Chinchwad since 1964 and seen the small villages grow into a town and then a city, the S B Patil College of Architecture stands out as a full fledged facility for learning architecture. The spaciouly provided facilities in the form of equipment and vibrant spaces, with responsible, knowledgeable and experienced teachers, it's a good atmosphere for learning in the new town. Led by Dr. Mahendra H Sonawane and assisted by highly qualified teachers it represents one of the best facilities for architecture. I wish the institute and it's students the best to be able to shape an architecture and hence a society that is strong, sustainable, graceful and useful.

## CORE FACULTIES

## VISITING FACULTIES

**IQAC Co-ordinator**  
Ar. Shirish Morey

It was a remarkable movement for our Institute to receive NAAC Accreditation B++ after a lot of hard work and contribution from each of the staff members, under the guidance of our Principal Dr. Mahendra Sonawane and our PCET Ex. Director Dr. Girish Desai Sir. As IQAC Coordinator of our Institute I believe that we will be working consciously and consistently to improve the Quality of our Academic and Administrative performance in future, aiming our Institute to be recognized at National as well as International Level.

**Design Chair**  
Ar. Swati Agashe

SBPCOAD has creativity, curiosity and strong design logic central to its pedagogy for design. Our innovative design programmes are balanced appropriately for every level of teaching and learning; the complexity of the design problem increasing incrementally as students develop their design thinking and skills. We encourage students to push their boundaries of design and extend their own abilities in the process. We thus endeavor constantly to narrow the gap between architectural education and its profession.

**Exam Co-ordinator**  
Ar. Shilpa Patil

Exams are like a Game, you learn to play the Game. Confidence, belief and practice can help you to crack any exam in your Life. In the architecture profession every project is unique like an exam and we need unique concepts and strategies to make it successful. All the Best for the Exam of Life.

**Research Co-ordinator**  
Ar. Shashwati Singhal

Research in architecture is an important factor in education, profession & teaching. Its not only about collecting information, but also about fragmenting, analyzing and application of the same. We, at SBPCOAD, work to develop research as an attitude in all our faculties and students. We encourage students and faculties to explore, study contribute in knowledge by Research. Guest lectures enhance knowledge and explore new technologies and idea.

**Academic Co-ordinator**  
Ar. Priyanka Lokhande

It is rightly said "Give a man a fish and feed him for a day, teach a man to fish you feed him for lifetime" At SBPCOAD our Academic aim is to empower students with knowledge which will help them in practical world. Our faculties are devoted towards the holistic development of young architects. We believe that Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents.

**Heritage Cell Co-ordinator**  
Ar. Abhishek Ranka

The 'Heritage Cell' at SBPCOAD, is a Research & Architectural Documentation to support and sustain ongoing efforts towards creating general awareness of issues related to heritage conservation in our nation. Since its establishment in 2020 the department has endeavored to develop technical support and professional capacity building in the field of heritage conservation through its activities of focused research, training and advocacy.

**Design Cell Co-ordinator**  
Ar. Rutusha Laddha

PCET's S.B Patil College of Architecture & Design formed its Architectural Design Cell in 2020. It works for various Architectural, Interior & Landscape Design consultancy services, voluntarily led by a team of teaching faculties & students under the guidance of Principal Dr. Mahendra Sonawane as the Design Head. The diverse expertise of 40 core faculty members adds more strength to the cell & can take up a variety of projects.

**Branding Co-ordinator**  
Ar. Akshata Behere

Social media and website makes the world smaller and closer, the virtual world is easily accessible with your fingertips by using accounts like using Facebook, LinkedIn, Twitter, YouTube, Instagram, Website etc. It plays an important role in raising our College Institute more widely because of its 'sharing' capacity which has its greatest impact on young students. Accessibility of curricular and extra curricular activities which is shared on this platform has become quite easier as anyone can get our college information from any part of world with instant access.

**Infrastructure Co-ordinator**  
Ar. Ajay Harale

Our SBPCOAD college has state of the art infrastructure with advanced Information & Communication technology facilities, fully equipped labs, spacious studios, lecture hall, Auditorium, computer lab with latest softwares, using this students gets good hands on experience with the latest technologies. Computing resources are one of the important and mandatory needs of a college. In this competitive Era such infrastructure and facilities are boon for the students for great carrier building.

**ERP co-ordinator**  
Ar. Shubhada Agrawal

ERP EDUPLUS software automates all major processes of an Educational institute. This software includes a set of tools which modernizes the campus along with upgrading the planning and management of processes related to student enrollment, lecture sessions, courses, library, exam information, fees accounts, web portals, etc. ERP software interconnects all the domains in SBPCOAD including academics, finance, administrative, infrastructure, and communication.

**Admission Co-ordinator**  
Ar. Prerana Zende

Admissions process evaluate applications from prospective students interested in Architecture educational Institution. We always try to provide a responsive and efficient admissions service to prospective students, ensuring that all applicants receive comprehensive, impartial and Admission-centred initial information and advice. Our team guide students regarding the online form filling for the admission process, requirement of documents, verification of Documents, etc also provides information about the College, future prospects in Architecture.

**Office Superintendent**  
Mr. Laxman Torgale

Administrative office is the soul of every successful institute. As an office superintendent I mainly look into the matter related to admission, eligibility, student's aid, scholarships, university, and examinations etc. Being working in this institute for more than 10 plus year I have always tried to keep smooth functioning of the administration system. Me and my team are responsible for planning, organization, and controlling the clerical aspect of the organization and other important operations of the college.

**Accountant**  
Mr. Kisan Kale

Accountant plays a big role in administrative department. I look into all the financial aspect of this institute. I manage all banking process, payments, bills, and funds. I maintain books of accounts such as ledger, salary register, income tax etc. I prepare various returns and audit reports for annual college audit. I have completed 11 plus years in this institute, I have always kept my work transparent which helps our institute grow big.

**Jr. Clerk**  
Mrs. Archana Gajankush

I provide clerical support which required for maintaining records for interaction with government, university, parents, students teachers and management. Furthermore, my role is to coordinate on the front desk and addressing various issues. I tried to obtain maximum discipline in the system and in overall performance of the administrative work. I deal with all the letters, proposals, notes, drafts of this institute. I have completed more than 7 years in in this institute, I try to contribute in the growth of this institute in best possible way.

**Librarian**  
Mrs. Poonam Sangle

SBPCOAD library is well equipped & furnished with all required resources & has open access system. The SBPCOAD Library has collection of over 3000 books. The library has subscription of 29 Journals/Magazines and collection of digital resources like E-Books, E-Journals, Videos, Manuscripts with remote access. Library is automated with WEBOPAC facility. Institute library provides E-Learning environment for the enhancement of knowledge among Students, Staff Members.

**Lab Assistant**  
Mr. Akshay More

SBPCOAD's computer lab is equipped with all the latest software with license version. Our college is well equipped with latest ITC facilities for all staff and students. Spacious computer lab with more than 50+ PC's for students who learn various software's like MS Project, Revit, Sketch-Up, Auto-Cad etc under students skill development activity. In future we are planning to have software's like Grasshopper, 3Ds Max, Luminon under skill development. With the help of this students can explore more in their Architectural field
